Plustek eScan A150 Receives Prestigious Taiwan Excellence Award

Taiwan Excellence Award recognizes Plustek for innovation, design and quality

TAIPEI, Taiwan (January 30, 2015) – [Plustek Inc.](http://www.plustek.com) (www.plustek.com), a manufacturer of imaging capture scanners, announced today its eScan A150 scanner was selected for the 2015 Taiwan Excellence Award.

The Taiwan Excellence Award is a vehicle for raising the profile and awareness of top quality Taiwanese products to the rest of the world. Each potential award candidate is judged by the staff of the Taiwan Excellence committee on the merits of their research and development capabilities, design elegance, quality of workmanship and marketing accuracy. This award represents the technological advanced innovations used in making of the Plustek eScan A150 (<http://eScan.plustek.com>). The award also takes in consideration products that provide convenience, functionality and productivity.

Several years in the making, the Plustek eScan A150 is the first big-touchscreen standalone network scanner value-priced for small offices. The key scanning feature is in its intuitive user interface providing the simplest way to scan in the industry. It allows forwarding documents to any destination in just three steps and deliver files to multiple destinations simultaneously.

"We're thrilled to have our eScan A150 be selected for the Taiwan Excellence Award," said Karen Ku, VP of Sales , "We're endlessly striving to advance new innovations through our design that will also transform routine scanning tasks into products that Plustek customers enjoy using."

ABOUT_PLUSTEK

Respected as one of the world-class imaging and surveillance solutions providers, Plustek is dedicated to manufacturing high-quality, professional scanners as well as security devices for businesses, professionals and consumers. In business since 1986, Plustek is committed to our customers and partners. Innovative products are designed through the contribution and voices collected from users and various technology and trade partners to ensure these products meet and exceed their expectations.
