## **Plustek Unveils Its Newest Imaging, Security and Server Products at Computex 2015**

**Computex Taipei [ Booth #D0631a, Hall, 1, TWTC] (May 05, 2015)** – Plustek Inc. ([www.plustek.com](http://www.plustek.com)), a manufacturer of consumer, prosumer and professional imaging and security devices, will exhibit a full line of new scanning, surveillance and server products at the world-renowned Computex 2015 from June 2 to 6.

Plustek will be featuring the following products at Computex 2015:

- **eScan A150** – a small foot print, cost effective 25 page per minute, standalone network attached scanner with intuitive touchscreen interface. Scans to cloud, mobile devices, USB drive, network share by simply touching the screen.
- **eDoc N600** – a private cloud server, offering a safe and secure 6TB storage space. Its innovative sync system allows users to back up files automatically to a designated folder, on both PC and the eDoc server from most digital devices (such as scanners, MFPs, and copy machines).
- **Wireless HD Surveillance Kit** – a 5 GHz WIFI surveillance kit with two antennas makes the connection more stable and faster. No PC required by IP-TV operation. Improved camera module creates high video quality with HD720 P.
- **SmartOffice PS30D** – a desktop document scanner comes with rich imaging functions to capture, manage, and archive documents. The scan speeds up to 18ppm/36ipm in color mode; moreover, the 50 page automatic document feeder with a 3000 page per day duty cycle enables the PS30D to be used in any application requiring frequent document or rigid card scanning.

- **SecureScan X150** – a compact and fast scanner for MRTDs (Machine Readable Travel Documents). It scans TD1, TD2 and MRP (passport) documents in about 1 second. Scans up to 500 dpi in visible, infrared and ultraviolet spectrums. Includes Plustek SecureScan Manager and Plustek MRTDs Reader SDK.
- **SmartOffice PS4080U** – a 40 page per minute document scanner with world class paper handling, advanced image processing, single touch scanning, ultrasonic multifeed detection, and TWAIN drivers. Connects to selected Plustek OpticSlim A3 and A4 size flatbed scanners to enable scanning of large or delicate documents.
- **EZ BookScan Center** – a touch screen, walk-up book and document scanning solution designed with libraries in mind. The EZ BookScan Centre is fast, easy to use and eliminates spine shadow and distortions commonly created by copiers and traditional flatbed scanners. The system includes an A3 book scanner. A document scanner with Automatic Document feeder is available as an option.
