

**PRESS RELEASE**

**Plustek Elevates Leadership in Identity Solutions at Identity Week Europe 2023**

*Showcasing Cutting-Edge Innovations for Secure Identity Management*

**TAIPEI, Taiwan, June 2, 2023** – Plustek Inc. ([www.plustek.com](http://www.plustek.com)), a renowned provider of imaging solutions, strengthens its leadership in identity solutions by participating in Identity Week Europe 2023 [Booth #460, RAI Exhibition Centre, Amsterdam]. With a strong emphasis on identity management and a commitment to innovation, Plustek showcases its cutting-edge offerings at the premier global identity event. This presence reaffirms its dedication to empowering governments and commercial organizations with trusted identity solutions, enhancing transactions for citizens, employees, and customers. Through strategic collaborations and active engagement in industry discussions, Plustek addresses authentication and identification challenges across diverse markets.

**Highlights:**

- **SecureScan X Series:** The revolutionary secure identification and passport reader that employs visible/IR/UV light sources and RFID technology for fast data reading, recognition, and extraction. Adheres to ICAO standards, guarantee accurate parsing of data in the machine-readable zone (MRZ) through comprehensive authentication measures such as checksum verification, expiration data check, and other assorted validations. Additionally, it offers the capability to read visual inspection zone (VIZ), providing reliable data for various document types and enabling seamless data integration with access security for optimal operational efficiency.
- **MobileOffice Series:** Simplifies visitor registration processes and boosts efficiency in front office environments through its flexible handling of assorted documents. These robust identification readers enable easy card scanning, securely capturing important customer information. The sleek and slim design optimizes space utilization at the front desk, while the OCR technology and advanced image processing, supporting TWAIN and Citrix compatibility, accurately extract data from the identifications.
- Plustek offers intelligent automation solutions that seamlessly complement the capabilities of its readers. The SDK equips developers and system integrators with the necessary tools to build customized applications, leveraging Plustek's recognition with MRZ and pre-trained VIZ reading OCR for efficient data extraction from identity documents. Bot application, with AI-powered RPA are available without integration,

easing data exchange across platforms.

"We are excited to showcase our latest identity solutions at Identity Week Europe 2023," said Karen Ku, Plustek's VP of Sales. "Our participation demonstrates our commitment to delivering superior imaging solutions to read and record assorted identifications, reinforcing our leadership position, and driving innovation in secure transactions. We eagerly anticipate engaging with industry professionals and forging strategic partnerships that contribute to the advancement of the digital identity ecosystem."

Plustek invites everyone to visit its booth at Booth #460, RAI Exhibition Centre, Amsterdam, from June 13 to June 14. Attendees will have the opportunity to witness Plustek's state-of-the-art identity solutions and experience firsthand how these technologies enhance security, streamline operations, and provide seamless identification in trusted digital transactions.
