

## PRESS RELEASE

### **Plustek Expands Market Reach by Participating in GITEX Africa 2023**

*Presenting a Diverse Range of Scanning Solutions to Fuel the Growth of the Digital Economy*

**TAIPEI, Taiwan, May 18, 2023** – Plustek Inc. ([www.plustek.com](http://www.plustek.com)), a leading provider of imaging solutions, is pleased to announce its participation in GITEX Africa 2023 [Booth #4C-50, Hall 4, Marrakech, Morocco]. This debut at the continent's premier technology event for startups and all-inclusive tech allows Plustek to expand its market presence in Africa and tap into the region's thriving digital economy. Plustek will unveil its latest breakthrough, the Intelligent Document Processing 4.0. This AI-powered technology revolutionizes data management, empowering businesses to stay competitive by automating document-intensive processes and delivering enhanced value. Plustek's goal is to drive business growth in the region through strategic alliances.

Plustek will showcase the following at GITEX Africa 2023:

- **Kiosk Solution:** SecureScan X Series ID and passport scanners, along with VTM series, are compact and ideal for self-service kiosks in busy locations like airports, hotels, and digital banking channels. With automatic document detection and advanced image processing, these high-performance scanners seamlessly integrate into kiosk setups, optimizing operations and delivering a convenient user experience.
- **FileDistributor II:** This exclusive software simplifies document management processes through automation. It effectively handles custom workflows, recognizes barcodes, and extract data from structured and unstructured documents. Automatic separating, indexing, naming, and archiving of files in batches ensures organized digitization.
- **SmartScan + SmartCapture:** The utility software offers numerous features for document management. With a dedicated scan button, users can easily capture document images using one click. Time-saving features such as barcode naming, auto-split, preview editing, and document extraction enhance document handling by minimizing manual tasks. Seamless integration with multiple platforms also ensures data security.
- **Network Document Scanning Solution:** Plustek eScan series, including the latest A450 Pro model, streamlines document workflows in real time without requiring a computer connection. These scanners feature a large 7-inch color touch screen for user comfort and enable seamless integration with major document management systems and cloud

storage platforms, reducing repetitive tasks while improving office productivity.

- **Diverse Range of Scanners:** Plustek provides a wide array of scanners to cater to various scanning needs, including the Mobile Series, Flatbed Series, ADF Series, Book Series, and A3 ADF scanners. With this diverse selection, Plustek ensures that businesses can find a scanner that specifically meets their scanning requirements and business objectives.

“Our participation in GITEX Africa is driven by our mission to expand market presence and explore new opportunities in this dynamic region,” said Karen Ku, the VP of Sales at Plustek. “We are excited to showcase our cutting-edge products and solutions for the first time, forge strategic partnerships, and contribute to the growth of Africa's digital economy.”

Plustek invites everyone to visit its booth at Hall 4, Booth #4C-50 in Marrakech, Morocco, from May 31 to June 2. Attendees will have the opportunity to experience the transformative power of Plustek's innovations, witnessing firsthand how these offerings increase productivity and efficiency while unlocking operational excellence through effective data management.
